## PROFESSIONAL EXPERIENCE

## PROJECTS

### 1 .Cash Mate – A Student UPI-Cash Exchange Platform

- 1.Cash Mate is a location-based web app that enables students to exchange UPI transfers for physical cash securely and quickly.
- 2.The platform allows users to log in, request money, and connect with nearby active users in real time.
- 3.Once a connection is made, both users can chat, view profiles, and confirm the transaction details.
- 4.A built-in mini-map shows user locations, ensuring transparency and easy meet-ups.
- 5.Payment is finalized through UPI or Razorpay, making peer-to-peer cash exchanges efficient and trusted.

### 2. UniGo – All-in-One College Companion App

- 1.UniGo is a centralized app for college students to manage timetables, assignments, and attendance.
- 2.It includes a map of campus facilities, transport info, and real-time event updates.
- 3.Users can receive push notifications for exams, notices, and club activities.
- 4.Integration with calendars and reminders helps students stay organized.
- 5.Acts as a digital assistant for daily student life at the university.
